

Prescription Refills

When you need a prescription refill, all you need to do is have your pharmacy fax over a refill request or you can call our office directly.

When calling the office, please have this information ready:

- the prescription name
- pharmacy phone number

We will also take a phone number to reach you at, in case of any questions

Your prescription request will then be reviewed by a nurse and/or physician. Once verified or approved, it will be called into the pharmacy. If we have any questions, we may call you.
